## Communicated.

**Editor Roundabout:**  
I thought after writing my last, in your issue of January 30th, I would close at least for the present, until something further developed.

A few days after the above issue I received a communication through the mail signed "John Smith," to which I made a short reply in your issue of February 6th. Before the above reply I got, in a confidential way, the author or authors of the "John Smith" letter. He or they failed to unmask themselves so far, but suffice it to say one of the preachers helped to get, or got, it up, in or after a consultation with other members of the Athletic Club. I wish to say, or rather wish to repeat what I have said in other letters, that I am personally interested or I would never have written a line about this club. I knew, or at least I believed, I would get a fight in my hands, not only with members of the club but with the preacher members of the club, and I knew my head was in jeopardy, as it takes but little to upset my nervous system, but being personally interested I determined to make the fight, determined to save my boy and to save others if I could. So far I do not regret but feel proud of the effort, and the success attending same. I have the personal knowledge of more than one boy that I have saved from "keeping late hours, and I had the protection from them for all time to come. I have made it a point to impress it on their minds that I was not their enemy but the best friend they had in the city.

One of them came to me one night in a very decided manner and told me I had to take up the matter. He said about what I asked what I had said. I replied I could recall nothing I had said personally as to him. He then said I alluded to him in one of my letters. I asked him what or which letter. He told me or tried to explain which, but I could not make an expression I had to retract, when I replied he had "waked up the wrong crowd" that "wasn't afraid of the man that stood on his feet." When I met him again he told me I was right. His business had run down two-thirds, he had had a very bad business.

In this conversation I said I live a different life; success yet awaited you; that the day was gone for a young or an old man to drink liquor and succeed in any business.

I believe this boy will be all right in the end, and so far as I can will take him by the hand at all times and give him an encouraging word. A word seems a very little thing but how, when and where it is said, is a thing, never to be forgotten. How well do I remember words spoken to me when a very small boy, fifty or sixty years ago.

I can call to mind men who have been dead forty or more years, whenever they met me they seemed to recognize me with the kindly good morning or good evening, John.

There is not a preacher in this Athletic Club that I am so intimate with and am their friend. This they know, as I said in my letter January 30th that I was known for my outspoken sentiment and I abhorred anything like deception.

It is not my intention to wound the feelings of any man, but I am in it written only with an honest intention of doing good, and I now say if I should seemingly say anything to wound, I do not intend it. Preachers, you are human beings—liable to wrong—none of us are perfect. I see as many wrongs in you, perhaps as you do in me, in getting old and hold position or positions in life that others seeing my good conduct may be influenced and fall in with and take me by the hand—my hand being in the hand of Christ. He leading us all up to a higher life.

How is it with you preachers when you go into places doubtful and teach the boys lessons that, to say the least, can be said as doubtful, are you not treading dangerous ground? Are you not teaching the boys games that tend to evil? Do you not teach the boys by the preachers did not extend beyond the walls of the Athletic Club, then I would say all right, but does not the very opposite of this prove glaringly true?

Where will the boys go outside of this club and play billiards, the same billiard rooms are not connected with gambling and drinking saloons? Pool selling from the pools on horse racing down to little petty pool selling of a low order.

The boy that learns these games from the preachers I repeat preachers as often as I can, the simple fact I have talked with two of them and have heard from the other one, these three preachers being the only three in the town that belong to the club out of seven or eight) will not stop right here with this club and play these games no where else.

These boys may everyone be perfectly sober, honest boys, but will they stop here? Any game the boys may learn in this club, there will be one here and there now and then who will become an expert. This expert may be a perfectly just and able boy, but will he stay so? Can he re-

sist the influence and persuasion of other boys may meet through life with the tendency of the age now to make money fast? Can he resist the influence of the boys who drink and with whom he plays, keep from going into the adjoining room, the saloon, if not to reach a drink of liquor the first time, a drink of lemonade or a cigar.

How many times will he go before he takes the liquor? Not often. "Evil communicators corrupt good manners." Birds of a feather will flock together. I have gone over the road, I know what I am talking about, it is no experiment.

A majority of the preachers are not in this club. So far as I have talked with the majority they say they are afraid of it. I could give a thousand reasons from my personal knowledge and experience, but it would make this too long.

The weakest argument in favor of the club was made to me yesterday by one of these preachers. Here it is: "A boy might go from the Sunday-school or the prayer-meeting to a saloon or a gambling house. My answer to this is, will the boy go to either of the above places from lessons he has learned either the prayer-meeting or Sunday-school? If they have this tendency they ought to be stopped, and stopped forthwith. I will say to the preacher, the boy might go to those places after hearing him preach, and if his preaching has this tendency, I advise him to quit preaching."

Another thing I object to is this, a poor boy cannot enter, at least cannot enter and be a leader, or without becoming a member, paying ten dollars. This is a fact, unless the terms have been changed. I will add a poor boy, a resident of Frankfort, Outsiders and representatives are admitted free to hold the Capital here.

If I do not take the money spent here and distribute it among the poor, spending the time he is wasting in the club room distributing this money, taking the poor boys by the hand, speaking just one kind word to each, don't you think there would be a vast deal more good done towards saving the boys? Go out in the highways and byways, letting the boys see you feel and have a personal interest in them.

This same preacher told me this club was saving the boys. I told him I knew some of the club boys who had gone off to saloons and debauchery and now for him to show a boy he had or the club had redeemed from debauchery. If he would or could, I would join it and try and make it a reformatory for the lost boys, throwing in my spare time, but if I could not burn every billiard table and the ten pins and the gang way of the ten pins.

Preachers don't get mad with me. I implore you, first for your own good, then for the good of the souls of the boys and the influence over your surroundings. You are talked about, your influence is waning gradually away. Go to our churches to-day and look around for the boys. Where are they? I mean the boys sixteen years old and over. You will find them on Sundays on the street corners or in the offices of the hotels or other places. Where are they at prayer-meeting time? In the Opera or the ball-room or other places. Cannot this be helped? It can, but it can't be done of sudden. I am working on that line and have made wonderful progress on several.

I do not wish to get in any controversy over this. You know I am right, but if the fight must come I will handle it with my gloves.

Yours truly,  
JOHN E. MILLS.

## School District No. 34.

**Editor Roundabout:**  
In the last week's issue of your paper we requested the County Superintendent to tell the patrons of School District No. 34 why the full number of people of said district was not reported to State Superintendent.

It seems that he wishes to remain silent, or perhaps he failed to read our request.

With your permission, we will make the request again, more fully, hoping that he will explain why we have been so badly treated.

Our district is a new one and was formed, February, 1890, from parts of Districts No. 23 (Bridgeport, and No. 28 (Purinton), and is immediately between the two.

The County Superintendent gave the trustees a copy of the boundary of our district, which boundary is on record in his office.

The trustees took the census of pupil children in said boundary in April, 1890, which showed fifty-six pupils. Said number of pupils was reported to County Superintendent, and by him to State Superintendent.

In 1891 the trustees reported to County Superintendent fifty-six or eight, as being said boundary. Right here is the trouble. Only thirty-two were reported to State Superintendent as being in District No. 34, with ten additions from District No. 28 (Purinton), as this district had reported to County Superintendent for same year, one hundred and seven.

Now, Mr. County Superintendent, what ten did you mean? Where are they to be found in District No. 28 (Purinton)?

The boundary has not been changed, or at any rate you have not notified the trustees of the fact if it has, as the law requires.

Where did these go to school? Not in District No. 34, to which district they were loaned, for it was an impossibility for these ten to know you had been so kind as to allow District No. 34 to draw their *pro rata*.

We copy for your inspection, and all the trustees of the district, made by you to Superintendent of Public Instruction for the years 1890 and 1891, of the district as follows:

District No. 23, Bridgeport, 1890, 104 scholars, 57 boys and 47 girls; 1891, 92 scholars, 45 boys and 47 girls.

District No. 34, South Benson, 1890, 56 scholars, 33 boys and 23 girls; 1891, 42 scholars, 22 boys and 20 girls.

District No. 28, Purinton, 1890, 100 scholars, 50 boys and 50 girls; 1891, 100 scholars, 45 boys and 55 girls.

If the County Superintendent had at heart the interest of the districts in the county, he would equalize more evenly, among the district the number of pupils.

If he could loan No. 34 ten pupils of No. 28, why could he not have loaned them more to make the minimum number, which is forty-five for a five months school.

Here are three schools with their respective school census, not over two and one-half miles apart, in fact the distance between two of them is not exceeding a mile. No. 23 on the one hand and No. 28 on the other, of No. 34, and both running over with pupils, as it were. No. 26 reported for 1890, one hundred and seven, and the same for 1891, as we have been informed by her chairman. All these pupils are right at hand and District No. 34 with only thirty-two, and that ten loaned by County Superintendent for which we get all of a four months school. There is a great difference in the number of pupils in these districts being so near each other, as they are, and the districts should be changed in boundary to equalize them; but we look forward with fear and trembling to the taking of the next census, for we may lose our ten and they be loaned to some other district to gladden the hearts of the patrons. We wait with bated breath to see what we shall see.

### Reported Adversely.

The Committee on Library and Public Buildings on Wednesday, through their chairman, Hon. R. K. Hart, reported adversely to the House the bill introduced by Mr. Charlton, of Louisville, to enable cities of the first class to issue bonds and raise money for the purpose of building a State Capitol. The report is a voluminous document and enters into the details of the bill, which refers to Louisville alone, as she is the only city of the first class in the State. The report recites that no assurance has been given that the city of Louisville favors the bill, nor that, if the matter is decided by popular vote, the non-taxpaying majority would not fasten an unwilling burden on the taxpaying minority. The committee is of opinion that it would not be right for the State of Kentucky, worth \$540,000,000, and out of debt, to accept a gift from the city of Louisville, worth \$85,000,000 and \$9,500,000 in debt. It is held that the city can not incur the \$1,000,000 additional debt contemplated by the bill, because it would necessitate a higher rate of taxation than is allowed under the Constitution. It is stated that Louisville has made no proposition to the Legislature, that the press of the city does not favor the measure, and that the passage of the bill would be equivalent to an offer from the State to move the capital to Louisville at the stipulated price. The committee is of the opinion that this would not comport with the dignity of the State. For these reasons and others set out in detail the committee is opposed to the passage of the bill. After some discussion the bill was recommitted to the Judiciary Committee.

### Funeral Customs.

There is a demand for reform in funeral customs. For one thing the expensiveness should be greatly reduced, and the rich should set the example. For another, funeral sermons are useless, and often worse than useless, save in rare instances. The person who deserves eulogy does not need it, and the lessons appropriate to the occasion can be sufficiently pointed by reading and prayer. Then, too, the public display of the dead body (especially at church) should cease, and the last look by the kindred should be strictly private. It is a morbid and ghastly taste that wants to view the face of dead people. How much pleasanter to think of them as they appeared in the flush of health. And still further, there is reform needed in the time of leaving the cemetery. The most harrowing of all experiences is the sound caused by filling the grave. The custom should be to have the religious exercises, and then to leave before the filling begins.

While the subject is up there is still another word that needs to be said. It is a word in behalf of the minister. He is many times sent for by the people, who have no claim whatever upon his time, to administer consolation by a funeral service. A half day and often a whole day is consumed and no little expense incurred by hiring a conveyance or by paying his fare upon the cars. He goes through a trying and wearisome experience, for the draught on his sympathies is not small. And yet those for whom he has done the service, though abundantly able, often not only do not compensate him for the time they have taken from him, but sometimes they do not even thank him for his accommodation or pay his traveling expenses. They seem to regard him in the light of a public convenience. If they took the same amount of time and labor from a doctor or lawyer they would pay big for it. Are the preacher's services of less value?

The Spring Hill Distillery, near this city, was sold at public sale on Thursday, by the Louisville Trust Company, as the assignee of the Cochran-Fulton Company, and was knocked down to Mr. Garvin H. Cochran for twenty-eight thousand dollars. A number of prominent whiskey men were present from different parts of the country, but as soon as it was known that Mr. Cochran wished to buy in the property there was but one bid against him.

Arrangements have been made to start up the house immediately for the season, and it will remain, as heretofore, in charge of that prince of good fellows, Dick Morris.

### Won't Accept.

Col. Thomas Rodman, who was elected a member of the City Council on Tuesday night, to fill the vacancy occasioned by the resignation of Mr. John W. Payne, has declined to accept the position, as his business and health will not permit him to serve. Col. Rodman would make a first-class Councilman, just such as is needed at the present time, and his refusal to serve is to be regretted.

### World's Fair Appropriation.

FRANKFORT, FEB. 20, 1922.

### A German.

The Misses Pepper gave a delightful German at their home on Main street Tuesday evening. The dance was led by Mr. Jas. Taitoff, of Lexington, and it was beautifully done. The favors and supper were both elegant. Saxton's orchestra, of Lexington, furnished the music.

### Ladies.

Are you suffering from weakness? Is your complexion sallow? Do you have constant back-ache? Are you constipated? Do you feel all dried out? If you have any of these feelings begin at once to use Dr. Haie's Household Tea. It will give you a clear complexion, will restore you to health and strength and will make you feel like a new person. Get it today at Carpenter's South Side Drug Store.

### Moonshiners.

There was a car load of moonshiners on the west bound C. & O. train Monday night, and the "Mountain Dew" was used so freely that the smoking car smelled like a traveling distillery. A ROUNDABOUT man, coming down from Lexington, and wishing to enjoy his weed, tried to ride in the smoker, but gave it up as a bad job, and now mourns the loss of his two-fer.

### The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

### Machine Works Sold.

Messrs. Sam. J. Shea and W. Lint. Tanner have purchased the Capital City Machine Works from Messrs. Stephens & Gault, and have taken possession. The style of the firm will hereafter be Shea & Tanner, who will proceed to work up the business of the establishment in the way of repairing machinery and will also add a plumbing department. Both gentlemen are clever, energetic fellows and we wish them success.

### A Successful Engagement.

The Wilbur Opera Company gave three excellent performances here this week, Monday "Fanchette," Tuesday matinee "Fra Diavolo," and Tuesday night "Ermine," to the largest and most fashionable audience, probably, that ever attended a theatrical performance in the history of the house. The principal characters were all in good hands, but the crowning glory was the chorus. It has never been our good fortune to see a better, and the bald heads were kept in a thrill of ecstatic delight as the graceful forms marched the masses of the ballet and tripped the light fantastic into their susceptible hearts.

"Who hath not own'd with rapture-smitten frame The power of grace, the magic of a name?"

Asks Campbell, the poet, in his "Pleasures of Hope, foretold." Many and many a woman knows no longer. They are in despair about their health. They are run down, debilitated, suffering from why they know not. It may be dyspepsia, heart disease, liver or kidney disease; any or all of them. The sicknesses of women are cured by Dr. Pierce's Favorite Prescription. There's where the magic of a name comes in. This improves digestion, invigorates the system, enriches the blood, dispels aches and pains, produces refreshing sleep, dispels nervousness and melancholy, and builds up both the flesh and strength of those reduced below a

healthy standard. It is a legitimate medicine, not a beverage. Contains no alcohol to inebriate; no sugar or syrup to sour in the stomach and no disagreeable taste as is peculiar in its composition as it is marvelous in its remedial results.

### Half Fare to St. Louis.

On account of the People's Party Convention, St. Louis, Mo., February 22d, the L. & N. R. R. will sell round trip tickets to St. Louis February 20th and 22d, good to return until February 28th, at one fare.

W. W. ALEXANDER, Agent.

### Box Parties.

Two very pretty box parties were given at the Opera House Monday and Tuesday nights, when the Wilbur Opera Company was here. Monday night Mr. Gilbert Mastin gave a box party in honor of Miss Teasdale, of Cincinnati.

Tuesday night a box party was given in honor of Miss Gertrude Green, of Covington. Those present besides Miss Green, were Misses Rebecca Johnson and Fannie Taylor and Messrs. Shirley Wintersmith, George Hunt and Phyllian Safell.

### Rebekah Degree.

The Rebekah Degree of Odd Fellowship was instituted in Capital Lodge No. 4, I. O. O. F., of this city on Monday night by Mrs. Ross, of Louisville, one of the State Grand Officers, assisted by Deputy Grand Master Wilson, of Lexington. There were 7 ladies and 17 gentlemen initiated, this being a degree of the order intended for both sexes. After the ceremonies were concluded an elegant repast was partaken of by the members and their guest. Several ladies and gentle from Lexington, members of the order, were present.

"The tree of deepest root is found, least willing still to leave the ground" and this could once have been most truly said of chronic pain or any sort. But after the lapse of so many ages, a sovereign remedy has been found in Sarsaparilla. Every provident householder should keep it.

### Fast Mail.

Lincoln J. Carter's "Fast Mail" company, appears at the Opera House next Monday evening. This is the original melodrama and has so many imitations on the road this season, and is said to be one of the scenic productions in America. A car load of scenery is carried and the manager promises faithfully that every piece will be put up in this city.

"The Fast Mail" is a melodrama, a play of plays which goes with a rush, from a river view to a murder at Memphis, until it ends with retribution on the suspension bridge in sight of Niagara Falls, where the roar of the cataract is heard and the mist is seen rising from the whirlpool into which real water is running. As in "Silver Kink," a young man thinks he has committed murder. Another man for revenge commits the crime. Walter is hunted and his faithful Mary tries to protect him, flying with him. The villain pursues them. They are blown up on a steamboat, betrayed at a railway station, decoyed to a den in Chicago, and finally escape to Niagara. The steamboat explosion is very startling. How true it is can only be answered by those who have been blown up and saved on a raft. The railroad effect showing a station master's and telegraph office, with the arrival of a fast freight train followed by the last mail, which picks up the mail bag on the fly, is said to be the best that has ever been produced, and the closing picture of the Niagara Falls is a work of art made real.

### Electric Bitters.

P. H. CARPENTER.

### Bagby-Garrett.

The marriage of Mr. F. H. Bagby and Miss Mary E. Garrett at the Baptist Church on Wednesday evening, was a most beautiful one. The pulpit of the church was handsomely decorated with evergreens, ferns and potted plants, and the ceremony was most impressively performed by Rev. Harry Bagby, brother of the groom, assisted by Rev. W. C. Taylor.

The procession was formed to the strains of the wedding march, performed by Prof. Wayland Graham in his usual masterly manner, and moved up the aisle in the following order:

The four ushers, Messrs. Caswell Bennett, Jr., Jas. Corbett, of this city, Wilson Loughbridge, of Louisville, and Dr. Vought, of Richmond, preceded, followed by the maid of honor, Miss Margaret Mitchell, of Louisville, and lastly the bride leaning upon the arm of her uncle, Col. Thos. H. Corbett. The minister and the groom accompanied by his best man, Mr. A. W. Thompson, of Louisville, came from the pastor's study and met the party at the altar, where the words which bound the two young hearts together were solemnly spoken.

The bride was attired in white satin, on train, with low neck, short sleeves and veil, and carried a bouquet of bridal roses. She looked beautiful. Miss Mitchell wore white silk, carrying Chatterline Mermetrooses and was much admired for her handsome bearing.

The groom, is the oldest son of Rev. Geo. F. Bagby, formerly of this city, and has for several years formed one of the corps of engineers connected with the Geological Survey. The bride is the daughter of Mrs.

Garrett, of this city, and is a handsome and accomplished young lady. The ROUNDABOUT extends its best wishes for a long and happy life.

The happy couple left for Lexington on the 9:20 train, and will visit the groom's parents in Virginia and make a short visit to eastern cities, after which they return to this city to reside. They will be at home to their friends after March 1st.

### Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists, price 75c per bottle.

#### Goodman-Moore.

The following notice of the marriage of Miss Eleanor Moore, formerly of this city, and Dr. Harry Goodman is taken from the Louisville Courier-Journal of Thursday: The first Christian Church was filled last night with friends who had gathered to witness the solemnization of the marriage of Dr. Harry Goodman and Miss Eleanor Moore. The wedding was an event of more than ordinary interest, and the ceremony, though simple, was effective in all its appointments, and was im-

pressively conducted by Rev. E. W. Powell, pastor of the church.

The bride was attended by Miss Jane Switzer Moore, her sister, who acted as maid of honor, and six bridesmaids, Misses Julia Griswold, Mattie Freeman, of Woodford county, Bessie Newman, Minnie VanDerwever, of Frankfort, and Mary Castleman. Dr. J. M. Ray was the best man, and the groomsmen were Messrs. Chas. Wintersmith, John H. Thomas, Will H. Wilson, W. R. Griffith, of Frankfort, Stewart Bell and Harris Johnston.

The bridesmaids wore soft gowns of china silk; two in white; two in yellow, and two in blue, and carried bouquets of pink roses. The bride was preceded by Master Marcus Blakemore, of Frankfort, in a dainty costume of white, who, with his long blonde curls, made an exceedingly picturesque page. His duty was to hold the bride's bouquet while the ring was being placed on her finger. Masters Bailey Grinstead and Garvin Thomas carried the ribbons that separated the guests in evening toilette from those who were only invited to the church. These were in dark dress suits with white ties. The maid of honor wore a stylish toilet of sea-fam silk, trimmed with ribbon and valençiennes lace; the bride wore a handsome gown of white rep silk, trimmed with duchesse lace. Her flowers were orange blossoms.

The ceremony took place at 8 o'clock, after which there was a reception at the residence of the bride's father, Mr. Eugene Moore, on East Jacob street. The invitations were limited to the bridal party, the faculty of the University of Louisville and the immediate families of the bride and groom. The house was tastefully decorated for the occasion, and at midnight an elaborate supper was served. There were a number of very handsome presents, many congratulations and some guests from different points in the State, among whom were: Mrs. Oscar Blakemore, of Frankfort; Miss Mary Etta Smith and Mr. John W. Williams, also of Frankfort; Dr. and Mrs. Rique and Mr. and Mrs. Howard Nutt, of Scott county; Mrs. W. P. Woolfolk, of Versailles, and Mrs. George Hughes, of Lexington. Dr. and Mrs. Goodman left at 2 a. m. for the East, expecting to be absent several weeks.

#### The Old Original Remedy Leads.

"Radium's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

It is no accident but is the result of fifteen years study of medical genius. For sale by Chapman & Williams. 19

If you have a buggy, carriage or set of harness which needs repairing take it to the Kentucky Buggy and Harness Company on east Broadway. All work promptly executed. 15-1f.

Two doctors of this town, who were called to see a gentleman, whose health was undermined. The first one used his stethoscope. "You cannot see a work." To the other who Mr. D. "I see," quoth he, "as all may see, Your kidneys are affected."

These men argued loud and long. Yet the patient owes recovery to the doctor who had used Dr. Pierce's Golden Medical Discovery.

There are some patent medicines that are more marvelous than a dozen doctor's prescriptions, but they're not those that profess to cure everything. Everybody now and then, feels "run-down," "played out." They've the will, but no power to generate vitality. They're not sick enough to call a doctor, but just too sick to be well. That's where the right kind of a patent medicine comes in, and does for a dollar what the doctor wouldn't do for less than five or ten.

We put in our claim for Dr. Pierce's Golden Medical Discovery. We claim it to be an unequalled remedy to purify the blood and invigorate the whole system.

It's the cheapest blood-purifier, sold through druggists, no matter how many doses are ordered for a dollar.

Why? Because it's sold on a peculiar plan, and you only pay for the good you get. Can you ask more?

The Most Successful Remedy ever discovered, as it is certain in its effects and does not hinder. Read proof below:

#### Kendall's Spavin Cure.

DR. B. J. KENDALL CO., SHENANDO, Md., May 4, '96.

Dear Sir:—I must say that I once tried a bottle of your Kendall's Spavin Cure on a three-year-old colt, and it entirely removed a bone spavin and did not see the colt in the least injured. The horse is now a complete runner. I have recommended it to others who have used it with the best results.

Respectfully, B. J. KENDALL CO.

### The Major's Recital.

Kentucky's poet, Major Henry T. Stanton, of Frankfort, gave one of his most charming poetical recitals in the Chapel of the Jesuitine evening, to a fair-sized, cultured audience, and his efforts and poetical effusions were highly enjoyed by those who were fortunate enough to be present. Those who were not, missed a rare poetical treat. The best among the many selections recited were: "Jacob Brown," "Jones, of Arkansas," "He kissed her, my Sister," "The Peter Bird," and last, but not least, "The Moneyless Man," a better pleased audience never assembled at the Chapel than that of Wednesday evening.—Nicholasville Democrat.

Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at P. H. Carpenter's Drug Store. Large bottles, 50c. and \$1.00.

### Organization of the Daughters of Rebekah.

A called meeting was held in the hall of Capital Lodge, No. 6, I. O. O. F., on Monday evening, February 15, 1892, for the purpose of organizing a Lodge of the Daughters of Rebekah. The meeting was called to order by

Mrs. Nannie Ross, the President of the State D. of R. and was assisted by the Deputy Grand Master, B. O. Wilson, of the Grand Lodge of E. O. O. F. of Kentucky, Past Grand Charles Johnson, Mrs. J. Gilchrist and Mrs. Ollie Seahorn, of Will Pouch Lodge, No. 25, of Lexington, Kentucky.

The Lodge was instituted with twenty-five charter members, after which the following officers were elected and installed by Deputy Grand Master, B. O. Wilson: Mrs. A. Chilson, V. G. The President, Mrs. Nannie Ross, B. B. Wilson, Chas. Johnson, Mrs. J. Gilchrist and Mrs. Ollie Seahorn deserve much praise for the manner in which they all performed their work in organizing the Lodge and delivering their parts, for they did the work beautifully and made a splendid impression on the members, for which they were voted the thanks of Geo. W. Gwin Lodge and also for assisting in organizing that body. After the ceremonies were concluded all were invited to the north hall to partake of refreshments which had been prepared by the ladies of Geo. W. Gwin Lodge, and were enjoyed by all, especially Brother Mack, who went for the quilt on toast with a rush and was ably assisted by Bros. Stephens, Bridgeford and the little three.

Brother A. K. Stephens was elected Past Grand on Monday night, and at the regular meeting, Wednesday evening, he resigned, and Thomas Hunter was elected to the position.

Don't Monkey With the Snake. It is stated that a rattlesnake cannot bite if held up by the tail. Would you like to put the statement to a practical test? Probably not; but often do you take far greater risks? A snake bite is not the only means of introducing poison into the system. If your liver is sluggish, it fails to remove the impurities from the blood which passes through it, and deadly poisons are thus thrown into the circulation, all the more dangerous because they are insidious. If your blood is impure, if your liver is out of order, if you have blotches, pimples, boils or eruptions, "don't monkey with the snake!" Take Dr. Pierce's Golden Medical Discovery, the only specific against all blood-poisons, no matter of what name or nature. It is sold under a positive guarantee that it will benefit or cure, or your money will be refunded.

### RADAM'S MICROBE KILLER.

### CURES ALL DISEASES.

Because all diseases are the result of fermentation and decay, caused by living microbes in the human system, and wherever recently put into the blood by removing the cause of disease and build up the health and strength of the patient, is the one to use. RADAM'S MICROBE KILLER is nature's remedy, and is the greatest boon ever given to mankind, hence the spurious imitations which follow in the path of its wonderful cures of Consumption, Catarrh, Leukitis, Indigestion, Rheumatism, Neuritis, Bladder, Skin and all other diseases which are quickly and permanently cured by this new and powerful compound which has saved us from suffering humanity without the use of the vilest of poisons—drugs, narcotics, so-called proprietary medicines, etc., all put together because it removes the cause of disease and restores health. Thousands of voluntary certificates of almost miraculous cures attest the truth of this statement. To the world that Wm. Radam, the Great Pioneer in his Wonderful Discovery, has gone far ahead of all other explorers in scientific fields, and has demonstrated that the cause of all diseases can be eliminated without a shattered system, and his superb remedy stands at the front because it is

### A Fatal Mistake.

Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Franklin Miles, the noted Indiana specialist, has proven the contrary in his new book on "Heart Disease," which may be had free at J. W. Gayle's who guarantees and recommends Dr. Miles' unequalled New Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the chest, arm or shoulder, irregular pulse, fainting, smothering, drowsy, etc. His Restorative Nervine cures headache, etc.

### Council Proceedings.

#### ADJOURNED MEETING.

The city council met in an adjourned session at 7:30 o'clock Tuesday evening. All the councilmen were present except W. T. Gaines.  
The election of a councilman to fill out the unexpired term of Councilman John W. Payne was in order, and Col. Thos. Rodman was nominated. It was moved that his nomination be made unanimous. Adopted.

Councilmen Martin, Darnell and Richardson were appointed a committee to notify Col. Rodman of his election.

An ordinance was offered to fix all laundry licenses at \$50 per annum. [This includes agencies in this city of laundries situated in distant cities.] It was referred to the ordinance committee.

The jewelry store license of Sam W. Whitehead was transferred to R. J. Shea.  
Geo. F. Berry was granted permission to build a stable on his premises on the south side.

The following ordinance was offered and adopted.

**AN ORDINANCE TO PROVIDE FOR THE PAYMENT OF THE MEMBERS OF THE POLICE AND FIRE DEPARTMENTS OF THE CITY OF FRANKFORT.**

Be it ordained by the Board of Councilmen of the city of Frankfort: Section 1. That the Chief of Police, the Chief of the Fire Department and all the members of the Police and Fire Departments, elected by the Board of Police and Fire Commissioners, shall receive as a salary or compensation for their services, respectively, the amount fixed by the Board of Police and Fire Commissioners, same to be paid out of any money in the treasury not otherwise appropriated; and it shall be the duty of the Chief of Police and the Chief of the Fire Department, on the last day of each month, to make out and present to

the City Clerk a true and accurate list or roll of all the men under his command during the month, giving the names, position, number of days or fraction of day each member has served and the amount to which each is entitled, which list or roll, when so made out, must, before payment thereof, be approved or certified as correct by a majority of the Police and Fire Commissioners; and if, for any cause, the Chief of Police or the Chief of the Fire Department shall fail to make up and present said list or roll to the City Clerk for more than five days after the end of any month, then it shall be lawful for the Board of Police and Fire Commissioners to make up said list or roll from such evidence as they may be able to obtain; and when said list or roll has been so made out and certified as correct by a majority of the Board of Police and Fire Commissioners, it shall be the duty of the City Clerk to issue his warrant on the Treasurer in favor of each member of the Police and Fire Department for the amount so ascertained to be due each, and take his receipt therefor.  
Sec. 2. All ordinances or parts of ordinances, in conflict herewith, are hereby repealed.

Sec. 3. This ordinance to take effect and be in force from and after its passage.  
The council then adjourned until Friday night, February 19.

### How to Succeed.

This is the great problem of life which few satisfactorily solve. Some fail because of poor health, others want of luck, but the majority from deficient grit—want of nerve. They are nervous, irritable, changeable, easily get the blues and "take the splits down to keep the spirits up," thus wasting money, time, opportunity and nerve force. There is nothing like the Restorative Nervine, discovered by the great specialist, Dr. Miles, to cure all nervous diseases, as headache, the blues, nervous prostration, sleeplessness, neuralgia, St. Vitus' dance, fits, and hysteria. Trial bottles and fine book of testimonials free at J. W. Gayle's.

### Cheap Rates to Florida.

On account of Florida Chautauque, the L. & N. R. R. will sell round trip tickets to de Funiak Springs, Florida, from February 8th to March 12th, inclusive, good to return until April 1st, 1892, at \$24.
